

Quality Service

It's more than our Name, it's our way of doing business.

Hello, Subscriber Name
JANUARY ISSUE

How Can Our Starnet Membership Benefit You?

At Quality Service Floor Covering, we believe we're known by the company we keep, and we're especially proud of the partnerships we've forged over the years to strengthen and improve our business.

The Starnet Worldwide Commercial Flooring Partnership is the largest professional group of independent, full-service commercial floor covering contractors worldwide. Our membership in this impressive group allows us to offer the personalized service of a local, family-owned contractor with the collective buying strength, resources and consistency of a national organization.

Collective experience. The Starnet membership allows Quality Service to draw from national resources that openly share experiences and knowledge for the betterment of all of our customers. You not only benefit from our experience, you benefit from the wisdom and expertise of 170 Starnet member companies.

Collective educational tools. Our Starnet partnership gives our customers access to the Starnet technical publication StarLog. These regularly published bulletins address many of the concerns and challenges facing flooring contractors and their clients, and are available to [view and download](#) from our website.

Collective resources. Through our Starnet partnership, we have access to shared resources in areas that are important to our customers. Whether it's LEED compliance, environmental and sustainability issues, reclamation services, or regular care and maintenance, there's a wealth of information available to benefit members and their clients.

Want to know more? Call one of our flooring experts today and let us put our Starnet partnership to work for you.

We provide the industry with much more than information. Starnet offers tools to facilitate every step of the floor covering lifecycle, from installation to reclamation.

QUALITY COMMERCIAL MAINTENANCE. PRESERVING THE LOOK YOU LOVE.

Quality Commercial Maintenance was founded to protect and maintain the appearance and quality of your floor covering. By not only removing topical debris, we work to clean and treat your carpet and hard surfaces to extend the valuable service life of your floor covering investment.
