

The Right Sanitation Solution for Your Facility

Sprint Waste Services offers best-in-class sanitation products and services catering to the unique needs of our heavy industrial clients. Whether a large construction site, petrochemical plant or refinery turnaround, or anything in between, our sanitation rental equipment and services are the right temporary solution for your business. And with our large inventory and highly trained staff, your equipment is always delivered clean and in the highest working order, so you can rest easy knowing this essential part of your business is handled safely, promptly, efficiently and seamlessly.

Sanitation Services and Solutions

Tailored for heavy industrial facilities

Why trust us with sanitation services at your site?

- Large inventory for every scope/need
- Handwash stations configurable for two to 20 stations
- Wastewater vacuum trucks (70 and 130 bbl)
- Custom services, maintenance and scheduling to suit your business needs
- Local dispatch handles service issues promptly
- Best-in-class safety ratings and fully compliant with ISNetwork and Avetta regulations
- Supported with the largest privately owned waste services fleet along the Gulf Coast
- Turnkey services can include roll-off, hauling, and both hazardous and nonhazardous waste
- Our private dumping station in the Port Arthur area provides customers additional security during catastrophes and mission-critical operations

Your One-Stop Waste Services Provider

24/7 Customer Service from Local Dispatchers

PORTABLE TOILETS

- Standard and handicapped availability
- Can be tagged male or female use only
- Individually numbered for easy tracking

HANDWASHING STATIONS

- Two-man stations (or use back to back for a quad or larger configurations)
- 20-man stations for larger sites
- Sealed freshwater tanks for added hygiene
- Foot-operated pumps for immediate streaming
- Increases efficiency and reduces congestion in large-traffic areas

WASTEWATER VACUUM TRUCKS

- 70- or 130-bbl designs
- Triple-tank design allows freshwater access on each truck

DELIVERY AND AUXILIARY TRUCKS

- Equipment delivered and installed
- Additional trucks add temporary assets to your site

PORTABLE RESTROOM TRAILERS

- Each trailer has two men's stalls, one women's stall, and sinks and mirrors
- Climate controlled with AC and heaters
- Water-conserving sinks, toilets and urinals control freshwater usage and reduce number of waste tank pumpings
- Large waste holding tanks with electronic monitoring to check waste levels
- Built-in above-floor freshwater tanks with on-demand water pumps
- Self-contained and delivered for your event or industrial project

HOLDING TANKS

- 250-gallon holding capacity (other sizes available)
- Overflow and lift stations available upon request

Trust an Industry Leader

As a full-service, integrated waste hauler and equipment rental company, Sprint Waste Services is uniquely positioned to help customers manage and track inventory, eliminate downtime, mitigate risk and decrease costs. Whatever the scope of work, duration of your job or reason for your need—portable toilet rentals only or handling your entire waste stream—we have a custom sanitation solution for every business. We want to be your trusted partner in keeping your site clean, operating safely and at peak performance.
